CABINEX

BEEFEATER 3000 SERIES 4 BURNER OUTDOOR KITCHEN

The Cabinex™ 4 Burner Outdoor Kitchen is the ideal size grill for the average family. Entertaining is just so easy with everything you need at your fingertips, meaning you'll enjoy those moments with family and friends more often.

Total measurements for this kitchen:
2655mm W x 670mm D x 570mmH
(without BBQ)

Grill surface: 3840 sq cm

Power output: 76 MJ

Key Features

118L Bar Fridge

A stylish and functional addition to your outdoor space. The Cabinex™ Bar Fridge is powered by an LG Compressor, is designed for outdoor undercover use and features an adjustable digital thermostat. The triple glazed glass door retains cool temperature in the fridge and cuts down UV while the self closing door with Low-E film reduces condensation. With adjustable shelves and internal LED lights.

Adjustable feet

Adjustable feet on all cabinets mean that levelling your outdoor kitchen is simple and easy. With European patios having a fall for water drainage, these adjustable feet are imperative to levelling and perfecting your outdoor kitchen.

Materials

Cabinex™ have combined high quality materials expected by the chef in all of us. Surfaces which are nice to touch and easy to clean. There is no need to worry about scratches, stains or traces of heat.

Black Porcelain Bench Tops and Waterfall Ends

Waterproof and resistant to scratching, high temperatures and UV rays, these benchtops are designed and built to withstand the variable European climate, from heavy rain to hot sunny days.

BEEFEATER 3000 SERIES 5 BURNER OUTDOOR KITCHEN

The Cabinex™ 5 Burner Outdoor Kitchen is the outdoor entertainers dream machine. Big enough to handle large outdoor gatherings, grilling becomes a sheer pleasure with ample room to cook up a feast, or simply use just two or three burners when cooking for a small gathering.

Total measurements for this kitchen:
2815mm W x 670mm D x 570mmH
(without BBQ)

Grill surface: 4608 sq cm

Power output: 95 MJ

Aluminium Frame

The Cabinex™ patented aluminium framing system provides the core structure of our outdoor kitchens.

Combined with waterproof PVC panels for a rigid and robust cabinetry solution that is easily assembled by the average handy person.

AirFrame

For added safety, there is an integrated AirFrame included as part of the BBQ module. The AirFrame is a combination of non-combustible thermal boards and Aluminium framing, which produces an air gap to provide a heat proof shield between the BBQ and the cabinetry.

Mixer Tap

Our Cabinex™ Gooseneck Matte Black WRAS Certified Mixer Tap gives your outdoor kitchen a modern, contemporary look and feel. The outdoor kitchen mixer tap is designed for full hands, the long spout enables you to use your elbow if you need to move the spout out of the way. The 360° swivel function makes this an efficient tap for your outdoor kitchen.

Sink

Our Cabinex™ Matte Black sink is made of stainless steel for a robust finish and design. Featuring a convenient drainer and basket waste plug.

The modules are all delivered in a flat pack form for easy transport and assembly. Full installation service available upon request.
